

## Postdoctoral Position in Neuroimaging

Department of Psychology

The Psychology Department at Florida International University (FIU) in Miami is searching for a full-time, benefits-earning Postdoctoral Scientist with expertise in functional neuroimaging. The successful candidate will assist in the coordination and management of multi-investigator neuroimaging research programs. The primary duties/responsibilities of the position involve direct engagement in all aspects of research, including: protocol development and management, implementation of experiments, participant recruitment, behavioral testing, and MRI data acquisition, management, processing, analysis, and dissemination.

We seek applicants with: (1) a Ph.D. in cognitive neuroscience, psychology, biomedical engineering, computer science, neuroscience, statistics, or a related field, (2) technical experience with neuroimaging data collection and analysis (e.g., SPM, FSL, AFNI), (3) strong computer programming (e.g., bash shell, python, MATLAB) and statistical skills (e.g, R, python, SPSS), (4) excellent organizational, interpersonal, and communication (both verbal and written) skills, and (5) a demonstrated ability to work well with others and manage time efficiently. Salary will be commensurate with experience and up to \$60K. We seek to fill the position immediately and start date is flexible.

Qualified candidates are encouraged to send: (1) a cover letter, (2) curriculum vitae, (3) a statement of research interests and experience, and (4) three letters of reference to [neuroimaging.position.fiu@gmail.com](mailto:neuroimaging.position.fiu@gmail.com).
